ZEN

ENCOMPASS
WITH BOLD,
SIMPLE AND
SOLID DESIGN

NEW ZENITH

Being aware of your oneness with the world and everything in it, alteration of apparent recognition in all dynamics in business world is happened. A significance of functionality, high collaborative working environment and efficiency coaching are playing a bigger role in office.

Consequently, we are inspired by these issues to create serenity with aesthetic office atmosphere and enhance a supreme work performance. ZEN, a newly executive system with the bold, simple and solid entities—which is perfectly designed to complement an enlightenment.

STYLISH

Beyond the comprehensive ranges of furnishing solution, selectable ZEN is available to satisfy and support all expectations and the user's lifestyle in working experience. ZEN ensures the user to work in a comfortable, appropriate and flexible environment with several purposes. Enthusiastically, ZEN conveys an elegant design via finely selected material.

SYNERGY

ZEN conference desk comes with a variety of sizes and finishes to respond your different levels of meeting. Starting from daily small meeting group to declaring strategic policies—from 4 to 20 seats.

STORAGES

Wooden cabinets are available in variety of front options—wooden, glass or combination. Also, selection of height is available—2-, 3- and 4-shelf, to match with requirements. Mobile pedestals come with full extension steel ball bearing slides, the fifth castor at below front of steel drawer is fixed to prevent the tip-over when open the file drawer. It's available for choosing in 2 heights—box/file or box/box/file.

1 VENEER TOP

Magnificence is expressed with a newly elegance and distinctive 36mm. thickness of selective veneer finishes. Preselected melamine finishes are also available.

2 COATED GLASS TOP

An alternative of 12mm. coated glass top in white or black are available in standard return desk.

3 RAISED WORKSURFACE

A stepped worksurface from return separates zones between daily working and extra-belonging—to keep both areas well-organized. A netbox axial comforts is provided at return top for power and data access.

4 CABINET COVER

Cabinet cover (top and sides) is designed in an extremely slim edge with the 12mm. thickness. It covers a single cabinet and set of cabinets, choices of selection.

5 INTELLIGENCE WIRING RACEWAY

An intelligence wiring system is hidden underneath the worksurface, to deliver all wires and cables from wiring tray to floor, which make the working atmosphere looks more neat, harmony and aesthetic.

6 INTELLIGENCE FLIPPER GROMMET

A newly designed aluminum flipper grommet for cable connection in a conference desk which comes with soft-closed mechanism to ensure smooth and quiet motion. Beyond it provides the flexibility for the user to gently open from both sides.

STEP TOWARD THE GREEN

It has been over a few years that ROCKWORTH has studied the consequences to the environment caused by our business. The study is conducted not only within our organization but also to our customers, suppliers and other environmental specialists.

We understand the difference of steps toward the sustainable organization and realize that we can only achieve this by working together with everyone in our company. Starting from product design, production through delivery and installation.

In the journey of sustainable business and environmental friendly, we continuously focus on the following development and improvement.

- Our products meet or exceed applicable legal requirements and other requirement related to the environment aspects of the organization.
- We are continuously improving performance focus on preventing pollution, reducing waste and reducing consumption of non-renewable energy.
- We are implementing technologies to efficiently use of energy resources.
- We design, process and produce our products for the environment.
- We promote environmental knowledge and awareness.
